

A man and a woman are smiling and embracing each other in front of a large window. The man is on the left, wearing a light-colored shirt, and the woman is on the right, wearing a grey sweater. The window behind them shows a blurred view of a woman smiling, suggesting a bright, sunny day.

COASTAL WINDOWS & DOORS

- LOCALLY OWNED AND MANUFACTURED -

A wooden sign with a natural, weathered texture is positioned diagonally. It has several green leaves attached to its left end. The sign contains the text 'WE'LL CHANGE YOUR VIEW ON WINDOWS + DOORS' in a hand-drawn, black, uppercase font.

WE'LL CHANGE YOUR VIEW
ON WINDOWS + DOORS

WE'LL CHANGE YOUR VIEW ON WINDOWS & DOORS

Quality, Affordability,
Honesty & Craftsmanship

What more could you ask for

covered as long as you own your home

THE BENEFITS

Coastal Windows & Doors is a premier window and door manufacturer. Coastal offers a wide range of quality vinyl windows, Douglas Fir wood windows and Douglas Fir wood doors all made right here locally.

Quality

All Coastal windows and doors are made using the highest quality products available and are designed for all climates.

Workmanship

Our employees are well trained and are dedicated to building the best windows and doors available anywhere.

WHY COASTAL VINYL WINDOWS

Coastal Sliders

- ✓ Full Lifetime Warranty
- ✓ Locally Manufactured
- ✓ Energy Star Zone B rating without switching to Solar Gain* single coat Low E
- ✓ B5 or higher Rating available for maximum protection against wind driven rain
- ✓ Lowest Air Infiltration rates (less than 0.158 m³/h/m)
- ✓ Best U-Value using standard Double Glazed Low E², argon (1.60 u-value or better)

*Switching to Solar Gain single coat Low E¹ allows window companies to use heat Gain credits to compensate for their higher heat loss rates. This change will make your home hotter during summer months, while having little to no benefit during our cloud covered winters.

WE DO IT ALL FOR YOU

Just choose your colours from our huge selection and we will seal, prime and finish your wood windows and doors at the factory. No taping, no sanding, and no mess.

Some Of Our Standard Vinyl Windows Colours Include:

White, Beige, Black and much more...

SEE YOUR LOCAL DEALER FOR ACTUAL COLOUR SAMPLES

Industry Standards

Coastal Windows vinyl sliding window with its B5 rating is just one example of the determined effort Coastal has of providing the best window for your project.

Locally Owned and Manufactured

Coastal Windows are made locally, providing local jobs and promoting a healthy local economy.

Vinyl Windows

Our Vinyl windows are state-of-the-art engineered and offer classic detailing. Multi-chambered UV protected first generation vinyl profiles provide superior thermal efficiency and colour stability.

Casement and Awnings Windows

Casement and awning windows offer unlimited design possibilities with options to use by themselves, attach side-by-side, or combine with a picture or fixed sash, providing whatever architectural style is desired. Casements and awnings are also among the most energy efficient venting PVC windows.

Picture Windows

Picture windows easily lend themselves to countless design possibilities, as different looks can be achieved by combing picture windows with casements, awnings, curves or rakes. Picture windows do not provide a venting option, but do offer maximum views through clean architectural lines.

Renovation Windows

Whether we are repairing in our shop or in your home, we are proud to provide honest and fair service. All of our repair and service work will be completed by our competent and conscientious staff.

Sliding Windows

Sliding windows provide an abundance of light and ventilation. Airflow is easily regulated on both vertical and horizontal sliders because the sash can be placed to any desired opening. Windows can be opened just a sliver to allow for fresh air in the winter or opened fully to let in a warm summer breeze.

Coastal Windows & Doors is committed to stewardship of our valuable renewable forest resources. All Douglas Fir used in our wood series is sourced and certified by the Forestry Stewardship Council. Our Wood Windows & Doors are beautiful; custom crafted From Local Douglas Fir. Only Limited By Your Imagination! Our wood windows & Doors are durable, unique and offer a rich, warm texture – naturally tough and resilient ideal for custom, unique, intricate detailing.

In our facility, we endeavour to recycle and reuse as much unused wood material as possible. After that the extra wood is sent out for chipping into landscaping mulch material.

Softcoat LowE, Argon and Superspacer are standard on all Coastal Windows adding to the outstanding thermal properties already present in the wood windows. Coastal Windows manufactures a Vertical Grain Douglas Fir window in casement, awning and fixed configurations in any combination you may require.

All our wood windows are available in a natural finish as well as pre-finished stain and/or primed interior and exterior.

Options for our wood windows include Roto gear operators with multi-point locks, simulated divided lites and true divided lites. Screens are standard with all opening windows.

Softcoat LowE, argon and Superspacer are standard on all Coastal windows to assure you of year round comfort.

At Coastal Windows your choice for wood doors is only limited by your imagination. Our Wood Doors are beautiful, custom crafted from Local Douglas Fir custom made to your specifications. Bring us your design ideas and we will transform your dream into a reality.

We offer our customers a wide range of designs, wood types, stain colours and glass options to choose from, only limited by your imagination. Add decorative glass options, sidelites and transoms to create a front entry system you will be proud to come home to.

All of our Vertical Grain Douglas Fir doors are made from solid fir not veneer and are designed to stand the test of time.

Options

- Special width mould
- Sloped sills & jamb extensions
- Fancy & period hardware
- Available in a selection of premium woods
- Assorted glass
- Historical divided lites
- Internal Muntin Bars available in a number of styles & colours between the glass

French Doors

We offer you various styles and sized French Doors that cater to all individual tastes and preferences that possess style and elegance to compliment your décor.

Wood Entry Doors

Our Wood Doors are beautiful, handcrafted from Local Douglas Fir, the focal point that will change the entire image and mood of your home. We can incorporate all styles of glass and accessories into your custom designed door.

WE DO IT ALL FOR YOU!

Just choose your colours from our huge selection and we will seal, prime and finish your windows and doors at the factory. No taping, no sanding, and no mess.

We have all the highest performing glass options available to meet your needs.

When it's cold outside, metal type spacers can drain energy from your high performance windows!

Weatherstripping

All our windows and doors incorporate high quality weatherstripping to ensure top of the line performance and results consistent with testing. Most are high-tech, silicone based products with outstanding resistance to freezing, cracking and mildew.

Energy-Saving Low-E Glazing

All the latest and best performing options in glazing technology are available in all of our product lines, all units come standard with low-e argon glazing. Just ask and we will help you define which is the best fit for your project.

Testing

Our windows meet and surpassed the requirements of CAN/CSA-A440-M90. Combined with the latest glazing technology makes Coastal Windows certified and tested to meet the worst climate conditions.

up to
10.5° Fahrenheit

Inside 70°F +/- 2°F

COMBINING FORM + FUNCTION

Beauty and Performance

The Coastal Windows Series of doors and windows offers a wide selection of custom sizes and shapes for every project. We pride ourselves in the quality of workmanship and attention to detail in every Coastal Windows Product. The inherent characteristics of solid western woods, milled to perfection and expertly constructed ensure strength and performance for a life time.

© MULTI-FAMILY + COMMERCIAL PROJECTS

High Quality

Coastal Windows has become one of the most trusted window suppliers for multifamily projects in Southwest BC. We have a complete library of CSA A440 Lab Testing for our products and have passed many site tests with oversight from all of the large envelope consulting firms. Coastal Sliding and Casement Windows have been designed to perform at a higher water and structural rating than industry standard windows. This allows our technical sales staff to create more designs and solutions for our architectural clients.

"Thank you for showing us your product and the workshop on Friday; and today's quotes. We were very impressed with the windows and especially the handmade doors, but particularly the very personal and engaging service. The condolence flowers were the nicest thing a business has ever done for us, and will remain unforgettable."

Marion and Tim Pringle

© HYBRID WINDOWS

Our Hybrid window gives you the beauty and warmth of natural wood on the inside and the maintenance-free benefits of vinyl clad on the outside.

We have combined the natural elegance of an interior wood frame with the durability and virtually maintenance-free benefits of a vinyl window on the exterior while maintaining water and energy efficiency ratings.

RENOVATION WINDOWS

Trust us

Replacing your windows is something you'll do once in your lifetime. So make it worthwhile with Coastal Windows premium replacement vinyl windows and doors. By properly investing in the right windows, you'll add substantial value to your home, while improving comfort, energy efficiency and aesthetics.

Vinyl awning or casement windows for your kitchen nook? Tilt and turn French patio doors leading out to the pool? Single slider or double hung windows for the bedrooms? With Coastal Windows, the choices are endless. And you can be assured that any window and related hardware you select meets high quality standards for security, strength and energy performance:

- Leading edge glass and coatings technology for safety, energy efficiency and easy maintenance
- ENERGY STAR rated for even the coldest Canadian climate
- Guaranteed for as long as you own your home
- Made and manufactured in Canada

"I absolutely love your windows and the wood doors! We will be recommending you to all of our friends and family. Thank you Coastal!"

Paul Zanchetta

"Great Quality, Great Pricing, Great Service! Thanks Coastal, we will definitely be referring you to anybody looking for windows. Thanks Again."

Paul and Chantalle Blakley

"Coastal has quality windows, competitively priced offering the best value and service!"
